# Create a Rhythm Piece with Loopy HD

1. **Launch Loopy HD**
    i.  **Tap the first circle in the center.**
    ii.  **Wait until the orange blinking light goes to the top of the circle.**
    iii.  **Record your group tapping eight quarter notes. Remind them that they must keep time with the metronome.**

    

    iv.  **Click the second circle and record yourself lightly clapping eight counts of eighth notes.**

    

    v.  **Now you can hear both parts.**
    vi.  **Click the third circle and perform two whole notes with any sort of body percussion.**

    

    vii.  **Listen to all three parts together.**
    viii.  **Improvise some more percussion and beatboxing parts. Make sure that they sound together.**
2. **Present your rhythm piece to the class.**
